

Maasai Association **Drought** Relief Form

Yes, I want to help the Maasai prevent hunger in school.

The drought situation in the Maasai region is getting worse. Children are faced with food shortage at home and in school. "Nearly 2.2 million school children from the slums, arid and semi-arid areas are in dire need of food", The World Food Programme has warned (May 2009). The government sponsored lunch program has been canceled. The problem is mainly due to a prolonged drought. Help us get through this rough time. We need to bring back the lunch program and keep our children in school. We are grateful for your support.
